✓ **YES! I Want To Enrich My Community Through Music Education!**

Music: Early musical training helps develop brain areas involved in language and reasoning. Students of the arts learn to think creatively and to solve problems by imagining various solutions, rejecting outdated rules and assumptions. We'd like to raise awareness about the importance of music as part of each child's complete education. Your sponsorship will help raise funds crucial for music education, community based bands/ensembles, workshops, tutoring, and performances programs.
